NEW SIZE CODE

NEW COLOR CODE

# FLUOROCARBON

- 100% Fluorocarbon
- Refraction index close to that of water
  - Invisible underwater
  - Is used in all clear waters
  - Exceptional abrasion resistance
  - Superior nylon resistance thanks to perfect impermeability
  - Flows three times faster than a traditional thread
  - Perfectly dampens shocks

# LINES

- Nylon combining all the specificities of a high-end nylon.
- High quality copolymers.
- High resistance to knots.
- High resistance to abrasion.
- Reduced elongation for better control of the line.
- Joined spools for loading on to larger reels and less memory.
- Very good glide.
- VX FORCE, universal transparent color suitable for all types of fishing.

# FLOATS SEA

- Pre-loaded float
- Can be used as fixed or sliding
- Includes plastic antenna in 4,5 mm
- Can hold a starlite in 4,5 mm

SEALIGHT				
Code	Weight	Gencod	RRP (€)	
RG3300001	10+10 g		5,65	
RG3300002	20+10 g		6,10	
RG3300003	20+20 g		6,50	
RG3300004	30+20 g		7,00	

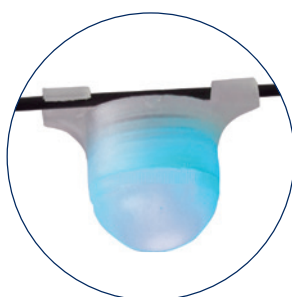

Trade Pack: x6 (1 per packet)

- Two versions available:
- Inline version complete with an inner wire for a better control of the line.
  - Sliding version, attached from the base, for longer casting.
- Features include:
- Special design for float fishing in the sea.
  - High visibility during the day due to the white body & coloured head.
  - Very visible at night due to the illuminated heads (supplied with two colour options).
  - Works with a CR-2032 battery (supplied with the float).

RAGFLASH			
Code	Weight	Gencod	RRP (€)
RG3200178	20 g		12,50

Trade Pack: x5 (1 per Bag)

Instructions for use: Connect the detector at the tip of the rod. The green light will flash once it is in place. When a bite is detected the diode changes to blue. Remove the detector at the end of the fishing trip.

- Features:
- Lifetime of about 1000 hours
  - Visible up to 65m (in good conditions)
  - Waterproof
  - Supplied with 1 CR1225 3 V battery

AUTO LIGHT BLUE		
Code	Gencod	RRP (€)
ATO030002		13,50

# NEEDLES

Essential Baiting Needle, can be used with fragile or tougher baits, designed with one end cut at a 45° angle and hollow. 50 Units supplied in a presentation tube.

WORM NEEDLE x 50					
Code	Size	Ø	Material	Gencod	RRP (€)
RG0300291	20 cm	1 mm	Stainless steel		32,25

Trade Pack: x10

Glow handle for easy identification at night. Two diameters for fragile or big baits.

SURF RIG NEEDLES 25CM					
Code	Size	Ø	Material	Gencod	RRP (€)
RG0300256	25 cm	1,80 mm	Stainless steel		3,80
RG0300253	25 cm	1,20 mm	Stainless steel		3,80

Trade Pack: x10

These baiting needles have a specially designed loop to thread live or dead fish. The smallest is perfect for mounting a minnow while the larger (20 cm) is more suitable for a sandeel.

EYED NEEDLE					
Code	Size	Ø	Material	Gencod	RRP (€)
246120221	12 cm	0,80 mm	Stainless steel		2,10
101700221	18 cm	0,80 mm	Stainless steel		2,20

Trade Pack: x10 (2 per Bag)

These robust and inflexible brass needles have been specially developed to easily mount weak baits such as trawl worms, pistiches, lugworms and when freshwater fishing large worms such as Canadian, earthworms etc.

BRASS NEEDLE					
Code	Size	Ø	Material	Gencod	RRP (€)
121152221	15 cm	1,50 mm	Brass		2,55
122202221	20 cm	1,50 mm	Brass		2,90

Trade Pack: x10 (2 per Bag)

These needles are undoubtedly among the most versatile in the range because they are suitable for both long bait fragile (nereids and lugworms) as for larger worms (Canadian, earthworms).

HOLLOW STAINLESS STEEL NEEDLE					
Code	Size	Ø	Material	Gencod	RRP (€)
700020221	20 cm	1 mm	Stainless steel		2,80

Trade Pack: x10 (2 per Bag)

The bevelled edge design greatly facilitates easy mounting and help preserve the bait. They are also very practical for stitching tube worms, that are a little harder than classical worms.

STAINLESS STEEL NEEDLE					
Code	Size	Ø	Material	Gencod	RRP (€)
123202221	20 cm	1 mm	Stainless steel		3,25

Trade Pack: x10 (2 per Bag)

A classic design that you can use for many types of baits including large worms.

STAINLESS STEEL NEEDLE					
Code	Size	Ø	Material	Gencod	RRP (€)
121202221	20 cm	1 mm	Stainless steel		3,25

Trade Pack: x10 (2 per Bag)

This model has been specifically developed for easily mounting the bait. Both needles will also work perfectly for all fragile worms. Stainless steel gives a good rigidity to the whole.

STAINLESS STEEL NEEDLE FULL RING					
Code	Size	Ø	Material	Gencod	RRP (€)
129600221	18 cm	1 mm	Stainless steel		3,45

Trade Pack: x10 (2 per Bag)

Designed with a plastic tip which is really handy to avoid piercing the worm from side-to-side when mounting. The ideal model for delicate baits.

NEEDLE WITH TIP					
Code	Size	Ø	Material	Gencod	RRP (€)
AWQ010093	20 cm	0,90 mm	Stainless steel		4,50

Trade Pack: x10 (2 per Bag)

Trade Pack: x1

This landing net model is very versatile, it can be used fishing for many disciplines from bank or by boat. Its generous dimensions are enough to scoop many species. Its telescopic aluminum handle in 2 elements is very resistant and allows to adapt to all situations. This net is very resistant thanks to its handle and its aluminum head. It is equipped with a rubberized mesh net for greater respect for fish and faster drying to avoid bad smells in the trunk of the car!

# RACKET

**RUBBER MESH**

This landing net, designed for trout fishing can be hung in the back, on the jacket or on the vest using a magnet. This one is more versatile than a classic trout net since it has a longer handle which is particularly convenient when it is not possible to fish in the water or it is necessary to exhaust a fish from the top of a low wall. As such, it is also ideal for streetfishing above the docks. The handle folds over the head to reduce the clutter, so that it is forgotten in the back of the fisherman in fishing action. The opening system is very convenient and can be handled with one hand to dry your sockets safely. The rubber net allows a better respect of the fish and a faster drying to avoid bad smells in the trunk of the car! The handle ends with a magnet and a long elastic to secure the dip net during the fishing game.

GOUMOIS				
Code	Size	Specifications	Gencod	RRP (€)
RG1818012	Handle : 30 cm - Head : 40 x 30 cm - Depth : 30 cm	Mesh : 12 mm		28,80

Trade Pack: x1

**RUBBER MESH**

Same characteristics as the Goumois, this one simply offers more generous dimensions for the landing of large trout and other large predatory species (pike, sandres, perch, aspes ...).

ORNANS				
Code	Size	Specifications	Gencod	RRP (€)
RG1818013	Handle : 50 cm - Head : 50 x 40 cm - Depth : 40 cm	Mesh : 12 mm		34,55

# NETS

Range of RAGOT landing nets developed with our TEAM for Sea fishing. Handle and head in Aluminum. Recognizable by an anodized coating of blue color and which in addition will serve as a protective film against the oxidation of sea spray. 2 models are available and will satisfy more than one fisherman whether from bank or by boat. BREHAT model is equipped with a fixed handle. HOUAT model with a telescopic handle in 2 elements. A very clever system allows to lock and unlock the net head on the handle simply by rotating the latter and those very quickly. This range of dip nets has been designed and tested by us for a full year! Handle, shape, length, quality, lightness, choice of materials, coating or depth of the net everything has been thought out in order to offer you an ergonomic and finished product! This new range of dip net will ensure your catch in complete serenity!

# WADERS

The flagship RAGOT wader range, manufactured from high-quality 4 mm neoprene, that can withstand the cold. These waders also offer a more advanced manufacturing process with the different sections assembled by thermos-welding on all seams, making the waders more comfortable, durable and retaining water resistance over time. The inner neoprene is integral and goes to the end of each boot. Equipped with a ventral zip pocket to secure the keys or papers. Very comfortable adjustable shoulder straps and equipped with two rings to attach accessories. Supplied with a clip detachable belt. Finally, the additional protection placed on the knees extends the life of these waders, by strengthening the areas subjected to the most friction, without hindering freedom of movement. Delivered in carton box.

# MYSTIC

MYSTIC pastes are easy to assemble and hold well to the hook, they do not flow and are indissoluble in water. Not perishable, cap well closed, they can be kept very long. Can be used alone, or mixed with other baits (excellent result on worms, maggots, etc ...). At the origin of the invention and 60 years later, the little red tube is still the favorite of fishermen. Of formidable efficiency alone or in variegated, it is of course the tube that must have in his basket seat. Yellow is ideal for imitating corn grain, wheat grain, cheese etc. With white, you will easily replace maggots, rice grain, bread crumbs etc. Finally, the green is it for a specific fishing: fishing Foam.

# ACCESSORIES

Scissors specially designed for the removal of the tail of fish. Ergonomic handles.

Order of 17 May 2011

This Order applies to recreational marine fishing exercised in all its forms on foot, shore, underwater or on board.

It applies in waters under sovereignty or French jurisdiction. Specimens of the species fished which are annexed to this Order must be marked. This marking consists of the ablation of the lower part of the caudal fin.

Concerned species: Bar, Bonito, Cod, Corb, Denti, Bream, Swordfish, Lobster, Lobster, Place, Lean, Mackerel, Mackerel, Marlin, Pager, Scorpionfish, Sar, Sole, Thazard, Tuna, Sailboat of the Atlantic.

Decree available on: <http://www.legifrance.gouv.fr>

## TAIL SCISSORS

Code	Size	Gencod	RRP (€)
RG0300329	20 cm (blade 6,8 cm)		6,90

Trade Pack: x3 (1 per Blister)

- Floating knife with stainless steel blade.
- Ergonomic handle.
- Supplied in a hard protective case for extra protection.
- Red cap to easily locate the knife in the event of a fall in the water.
- Sharp blade on one side and scaling function on the other.

## FLOATING KNIFE

Code	Size	Gencod	RRP (€)
ATO010034	Handle 14,5 cm / Blade 13,5 cm		8,45

Trade Pack: x3 (1 per Blister)

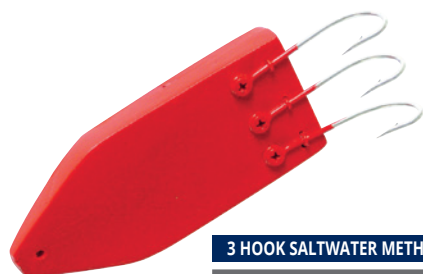

To easily scale the fish.

## STAINLESS STEEL DE-SCALER

ATO010050		3,35

Trade Pack: x5 (1 per Bag)

## 3 HOOK SALTWATER METHOD - RED

Code	Weight	Gencod	RRP (€)
AA00208B0	140 g		14,95

Trade Pack: x5 (1 per Blister)

The Aquadive® used for light trolling, are attractive by their low frequency vibration and by the animation that they give to the lures. Plunge easily and go back to the touch.

## AQUADIVE®

Code	Size	Gencod	RRP (€)
RG5831018	18 cm		8,80

Trade Pack: x6 (1 per Blister)

- Elastic 0,10 mm widely used in competition for all fragile and delicate baits of use, very practical for the small pieces of shrimp, mold and fragile baits.

- 0,20 mm elastic is widely used for larger baits such as squid, sardines, knives... a little stronger than the size N°1 but remains very discreet for the fish.

- Supplied in a protective tube.

## BAIT ELASTIC

Code	Ø	Size	Gencod	RRP (€)
ATO010032	0,10 mm	200 m		3,99
ATO010033	0,20 mm	200 m		3,99

Trade Pack: x5

This elastic thread has a great resistance, it can be used to hold bait in place on the hook, avoiding detachment from the hook when casting & hitting the water. It also prevents small fish from taking the bait off the hook.

## ELASTIC LINE SPOOL

Code	Size	Gencod	RRP (€)
13BFHEL	200 m		13,45

Trade Pack: x1 (Box of 5)

# JIGS

## FAT JIG

The FAT JIG as the name suggests was designed to be heavy or rather compact! The Ragot range of spoons and jigs is comprehensive, but to complete it, it was necessary to think "density". Designed as a dense yet compact lure, the FAT JIG casts very well, provide formidable efficiency to quickly reach the depths and is not too imposing to offer resistant in the current. Natural or Flashy colours and armed with an assist hook and a simple in-line, the FAT JIG proved during the tests to be a formidable weapon on all our marine predators, especially Plaice and Bass.

## FIT JIG

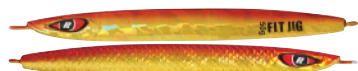

AYU

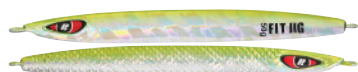

BM

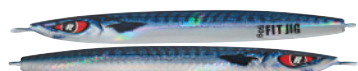

BS

CM

CHM

MB

PM

RB

RH

The Fit Jig has been designed to meet the requirements of fishing in the Atlantic and Mediterranean. Ideal for precision fishing where you need to position the lure close to a wreck or shoal of fish. The Fit Jig butterflies in the first few meters and then enters into a quick descent to reach the desired fishing area. This attribute makes it possible to get as close as possible to the preferred position. Once the lure has arrived at the desired location, it is during the retrieve that it excels as it rises quickly like a fish trying to escape for 5 to 6 meters, creating lot attractive and erratic movement. An asymmetrical body design, one face with a curve and scales, whilst another face angled and smooth, is the key to the lures action. Armed with an ASSIST HOOKS and a single VMC hook 7117 TI, the FIT JIG has proved very effective on various marine species, when either boat fishing or from the shore.

## MICRO HERRING

Very versatile micro Jig from the shore or a boat and who can target many predators. The finish is neat, extremely strong paint, the eye is sealed in lead despite its minimal dimensions. Armed with 2 hooks, on the front a single hook, VMC 7122 PTFE size 6, connected by a solid ring on a 28/100° PE braid with a 20 kg strength, and on the back a treble hook, VMC 7548 BN size 12. It can reach a great distance with ease. Two possibilities for animation are available to you, for this the point of attachment will not be the same. On the front, attach to the solid ring, it allows you to jig, where its swimming is very fast and at the same time very erratic. This style is easier from a boat, freelining down before Jigging the rig. On the back, (in this case it is highly recommended to remove the triple hook and the split ring). It allows you to cast the lure from the shore or boat but with a linear animation. All you have to do is to cast and create a pulse on the tip of the rod, and release it without controlling the descent, the perfectly balanced Micro Herring slowly descends to the bottom while fluttering. 10 colors are available to anglers that will cover all requirements.

# RAGTENYA

Tenya fishing is still a complex and more technical fishery than you might think. It was interesting to create a new tenya that would meet the requirements of experienced anglers but also make this fishing more accessible and entertaining. This is why this new «RAGTENYA» was created. The creation of this tenya brings a real change in this fishing, the novelties proposed on this model make it «UNIQUE». It had to be technical for experienced anglers but also versatile for all other anglers looking for beautiful fish and new sensations.

This tenya has many assets:

- The shoe shape of the tenya gives it a very good stability whether it is used in a free descent (i.e. open pick-up and let it go down) or in a controlled descent (let the line slide between the fingers to slow down the descent slightly). It will always land perfectly on the ground.
- The "beak« shape of its front end allows it to make small jerks when the angler wants to without hitting the bottom and remaining as natural as possible, as if the shrimp were making a small jump to move. This makes it possible to trigger the bite at certain times.
- The tenya has a very special feature: its noisy beads inside the head; never seen on a tenya before. The emission of high and low frequency sounds triggers the curiosity or irritation of the fish and awakens their aggressiveness. This brings more hits because they don't just attack because they are hungry.
- Its attractive foam at the head. The foam absorber allows the bait to be diffused, making the fish less wary of the bait because it looks more real. The fish will be more determined and have a better grip on the tenya.
- His armament. It has a main hook and is equipped with a double hook set-up. This is a great way to get a hit, which is what all anglers are looking for. It is always reassuring to have an extra hook, which makes it once again unique on the current market.
- The eye signal is placed on the top of the body to enhance the attraction.

It will be offered in several colours, well studied according to the funds and the different fishing sectors. This tenya has been thought/tested and studied for the success of this fishing, a product that offers many novelties. It will allow every angler to have a good time on the water, try it and make your own opinion.

## ANGUILL'® NORMANDE BRIGHT

For years, the artificial eel remains one of the most popular lures. Its profile is reminiscent of worms or small eels much sought after by bars and places.

- Arc provides the eel with a fascinating wave motion for predators.
- Tube made of soft rubber, strong and elastic.
- The «Brill», iridescent filament increases attractiveness.
- Cut and length bevel studied for a perfect balance

# LURES

## NEW 2024 RAGLOU® HYBRID

The RAGLOU lure family is expanding this year with a hybrid version that combines a leaded head and the body of the traditional RAGLOU. This lure can be used like its predecessors behind a Buldo, but especially on its own either casting or vertical fishing. It works well around underwater features using a linear retrieve. Built using VMC 9255 TI hooks for the ultimate in sharpness and strength. A wide choice of sizes and colours including the realistic AYU, BM and GM patterns and finished with 3D eyes.

### Specification:

Size	6,5 cm	8,5 cm	10,5 cm	12 cm
Hook N°	4	1	1/0	2/0
Head weight	3,4 g	6,4 g	11,4 g	20 g
Body weight	0,8 g	2 g	3,2 g	5 g
Total weight	4,2 g	8,4 g	14,6 g	25 g

## RAGLOU® 120

The movement of the body associated with that of the tail transmits low frequency vibrations. These vibratory waves call predators. The profile and the color transmit the visual signals. These signals trigger the final attack. Each Raglou has a particular flexibility.

## CIVELIX®

The integrated lead head allows fishing instantly without adjustment.

In fishing, the oscillation of the head of the Civelix® opposite the beats of the tail, causes an energetic serpentine movement. It focuses powerful vibratory waves that alert predators.

**SWIMMING ACTION**

**PW** - Pearl White ; **SG** - Silver Gold

The Civelix® is the perfect imitation of a glass eel (pibale), favorite prey of carnivores. It is very formidable to throw the edge or the boat, the zipper, the bombette or the troll.

Ragtuna is an unique trolling lure. It has been created to catch little tunas and all pelagic in general. It can troll at many speeds up to a very fast 8/9 knot. The combo between silicon body and feathers make an irresistible attraction and no fish is able to resist it. The cut head make a turbulence on the surface and it will attract the fish from deep water. The hook is VMC Stainless Steel therefore you can catch many fish without problems. Ragtuna will be your secret lures!

**CATSPIRIT<sup>®</sup>**

non-contractual picture

The Gyro is a hi-performance blended, braided multipurpose line made with HMPE fibers. It is a sinking line with near zero stretch ratio. It has good breaking resistance and excellent diameter to strength ratio with most commonly used knots. Can be used as mainline for casting, carp fishing, feeder fishing and boat fishing.

SUFIX GYRO					
Code	Size	Ø	Strength	Gencod	RRP (€)
060035210	250 m	0,50 mm	41,3 kg / 90 lbs		25,95

ASU640171	1000 m	0,60 mm	56,7 kg / 125 lbs		99,95

Trade Pack: x1

Reinforced braid extremely resistant to abrasion and friction.

- Perfectly suited for the bottom of the line, but also for making dead manic frames or custom frames. (Triple mounting on lure for example).
- An essential product that must be part of your equipment because it is limitless and indispensable in the face of an opponent of size for which you must be "armed".

STRIKE CAT 20 m					
Code	Ø	Strength	Gencod	RRP (€)	
RG6000071	0,50 mm	50 kg / 110,25 lbs		9,90

# FLOATS

**NEW  
2024**

A complete range of floats to cope with all fishing situations. Our floats are equipped with an inner silicone tube and brass eyelets for better sliding on the line to limit wear when fishing with braid.

Round float very stable and robust.  
- Brass bases for a better sliding on the line.  
- Location intended to receive a starlite of 4.5 mm.

DANUBE			
Code	Weight	Gencod	RRP (€)
RG6000012	100 g		6,90
RG6000013	200 g		8,90
RG6000014	300 g		9,90

Trade Pack: x3 (1 per bag)

Sliding float equipped with a swivel for assembly "à l'anglaise".  
- Adjust the bottom using a stop float.  
- Location intended to receive a starlite of 4.5 mm.

PO			
Code	Weight	Gencod	RRP (€)
RG6000015	250 g		13,90

Trade Pack: x3 (1 per bag)

Visibility, buoyancy and sensitivity, 3 essential qualities for our Saône float. A light body, an elongated shape and a rather low waterline gives it excellent visibility at distant fishing distances or in strong winds.  
- Its tapered shape allows it not to suffer too much resistance to penetration into the water during a shy touch.  
- Very versatile, this float is powerful in all seasons and for all situations (earthworms, live, edge, boat, drift or fixed, in strong or weak currents, ...).

SAÔNE			
Code	Weight	Gencod	RRP (€)
RG6000008	100 g		4,90
RG6000009	200 g		5,90
RG6000010	300 g		6,90
RG6000011	400 g		13,90

Trade Pack: x3 (1 per bag)

# SUBSURFACE

This range has been specially designed for subsurface float fishing, a technique still too little used because little known in France. Very easy to make, just make a 1 m bottom of the line with a hook single or triple and add the float on the leader while taking care to block it with a pearl at each end at 10 cm from the hook which will be stung in the mouth of the fish. Then connect the bottom of the line to a swivel hook and plaster to 200 g minimum. It is preferable to use medium sized live 100/250 g depending on the weight of float and current.

Underwater float noisemaker. Small balls enhance the attraction of editing under the action of the live.

RHIN			
Code	Weight	Gencod	RRP (€)
RG6000016	50 g		4,90
RG6000017	100 g		6,50

Trade Pack: x3 (1 per bag)

Underwater float available from 50 to 100g.

ODER			
Code	Weight	Gencod	RRP (€)
RG6000018	50 g		8,90
RG6000019	100 g		12,90

Trade Pack: x3 (2 per bag)

**NEW  
2024**

# END TACKLE

Flexible beads of 10 mm diameter and multi-purpose.

### SOFT BEADS

Code	Ø	Gencod	RRP (€)
RG6000035	10 mm		1,90

Trade Pack: x5 (10 per blister)

XL version of the peper that pike fishermen use to prevent the quick to release, to place on the hook to block the fish.

### STOP VIF XL

Code	Ø	Gencod	RRP (€)
RG6000039	1,50 cm		4,35

Trade Pack: x5 (20 per blister)

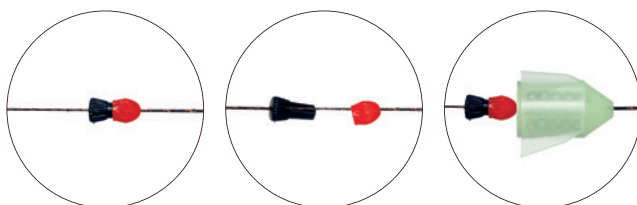

To achieve a fixed mounting with a lead and also very often used for assemblies with the wire broken, this rigid sliding accessory will allow to plaster the body of your line on the bottom thanks to a ballast. Its ingenious split and rotating system allows a quarter turn to easily release your line without having to cut the thread of your editing.

### REMOVABLE DELTA BOOM

Code	Gencod	RRP (€)
RG6000040		4,10

Trade Pack: x5 (2 per blister)

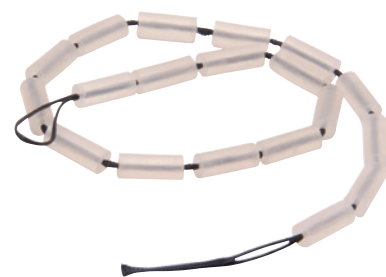

Super multi-purpose stopper to block an assembly, a float, a pearl.

### SUPER STOPPER

Code	Gencod	RRP (€)
RG6000036		3,60

Trade Pack: x5 (10 per blister)

Silicone sheath with reduced inside diameter to stay in place on the nylon or braid.

- Designed to block a float or fixture.
- Put your nylon or braid in the loop and slide everything on your body line in the desired location.
- Use alone or with multiple parts for large floats or heavy fixtures.

Stop float for use with larger diameters of nylons or braids (45, 65 or 75/100 °) to adjust the depth of the float.

- Very resistant to sliding on the line.

### STOP FLOAT XXXL

Code	Color	Gencod	RRP (€)

## RIGS

7356BN

80 cm

6 cm

This is the classic braiding assembly. The small-sized snapper is stung directly on the hook by the nose or on the top at the dorsal fin.

### SINGLE HOOK 7356 BN RIG

Code	Size	Strength	Hameçon	Gencod	RRP (€)
RG6000052	80 cm	50 kg / 121,25 lbs	Single 7/0		3,65

Trade Pack: x3

7560BN

7356BN

120 cm

6 cm

It is the most commonly used and most effective braiding fixture for drift fishing with large size live. It allows to bite with the simple hook live under the dorsal fin. Most of the time, the triple is left free, hanging under the belly of the alive one while in other cases, some prefer to fix it on the caudal fin by means of a small elastic.

### MULTI HOOK (1 X SINGLE 7356 BN / 1 X TREBLE 7560 BN) RIG

Code	Size	Strength	Hameçon	Gencod	RRP (€)
RG6000053	120 cm	50 kg / 121,25 lbs	Treble 3/0 - Single 7/0		9,55
RG6000054	120 cm	75 kg / 176,37 lbs	Treble 4/0 - Single 9/0		10,95

Trade Pack: x3

2024**

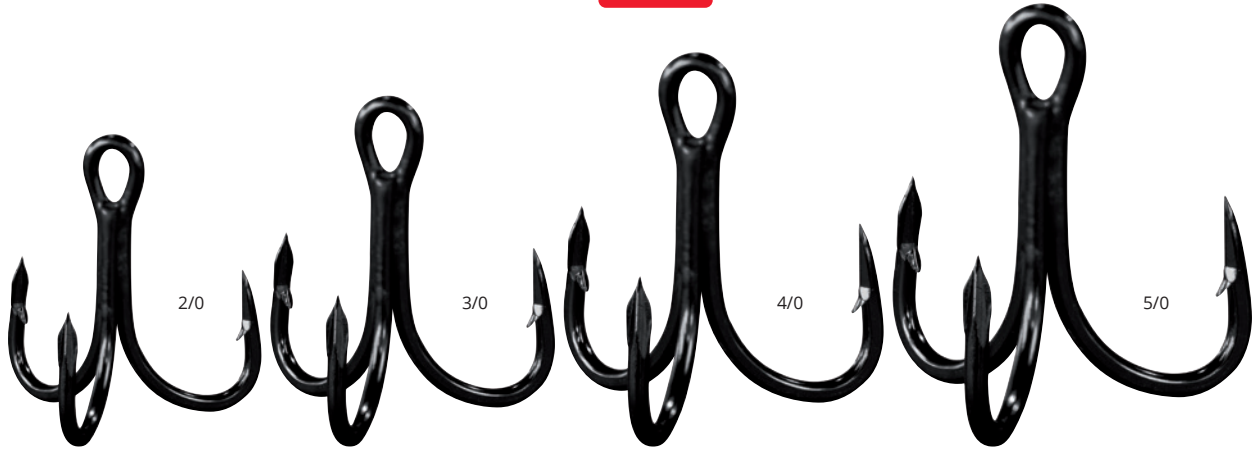

# TREBLE HOOKS

Here is one of the key elements in catfish fishing: the hook. This one is subjected to hard tests, friction, wear, very important traction exerted by very powerful fishes ...

For this reason CAT SPIRIT chose to propose to you VMC hooks combining all the qualities required to face the biggest catfishes:

### REAL SIZES

Originally designed as a model for exotic fishing, the ultra-reinforced (6X) and has been adapted for Catfishing. Extremely strong and durable construction and finished with a black Nickel coating and ultra-sharp Spark Point.

7560 BN				
Code	N°H	Quantity	Gencod	RRP (€)
RG6000026	2/0	5 per blister		16,10
RG6000027	3/0	5 per blister		16,10
RG6000028	4/0	4 per blister		16,10
RG6000029	5/0	3 per blister		16,10

Trade Pack: x3

### REAL SIZES

The 8626 is a triple hook with unparalleled versatility, reinforced (3X), just enough to cope with most fights, but not too much and therefore makes it suitable for many uses:

- change the triple hooks tired of your lures or replace others not sufficiently adapted and too fragile on fish swimmers, it is perfect to arm them properly without creating too much imbalance,
- reduces the damage to livebaits compared to a thicker gauge hook.
- delicately bunch a bunch of Canadian earthworms on a clonck mount ...It is the product that meets the requirements of our techniques in 80% of cases and the ideal tool suitable for most of our French rivers.

8626 BN				
Code	N°H	Quantity	Gencod	RRP (€)
RG6000030	1/0	5 per blister		6,50
RG6000031	2/0	5 per blister		6,50
RG6000032	3/0	5 per blister		7,50

RG6000034	5/0	5 per blister		8,50

Trade Pack: x3

# SINGLE HOOKS

**NEW  
2024**

- Extremely resistant to opening or snapping.
- PTFE coating (polytetrafluoroethylene) for faster penetration and reduced visibility.
- Ultra-sharp ground point.

8357 PTFE				
Code	N°H	Quantity	Gencod	RRP (€)
RG6000020	5/0	5 per blister		8,30
RG6000021	7/0	4 per blister		8,30
RG6000022	9/0	3 per blister		8,30

Trade Pack: x3

Originally developed for the jiggging, the 7264 VMC has an ultra-sharp ground tip, black Nickel coating, forged and reinforced opening strength. It is a simple hook, yet highly affective with super strong construction, extra wide gape and short shank making it ideal for avoiding the hook opening mid-battle. The design also provides better bait mounting :

- To hang a live through the mouth without injuring it too much and to keep it alive optimally on the frame by gluing the muzzle as close as possible to the lead
- To avoid with its short stem the tears caused by repeated movements which are amplified with a shank too long and therefore acting as a lever
- Even if it is not necessarily intended to sting the predator, its very rounded and wide shape, combined with the extreme sharpness, facilitates penetration on hesitant fish that don't get hooked on the treble
- The 7264 is also perfect for creating a hair mount for pellets or even just for fishing with natural baits

7264 BN				
Code	N°H	Quantity	Gencod	RRP (€)
RG6000023	5/0	6 per blister		5,80
RG6000024	7/0	5 per blister		5,80
RG6000025	9/0	4 per blister		5,80

Trade Pack: x3

2024**

# JIG HEADS

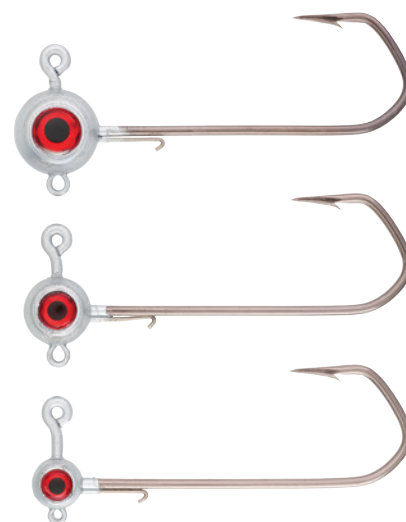

The FIRE BALL ROTATIVE CAT SPIRIT is composed of a head in which is drowned a single hook reinforced 8357 PTFE VMC.

- The space intentionally short between the lead and the tip of the hook has the main imperative to allow a clamping of the live very close to the lead, limiting the tears due to repeated animations.
- Improvement requires, rolling also partly embedded in the mass of the lead is located on the upper part and considerably limits the twisting of your line body.
- The lower eyelet in stainless steel allows to fix a stack armed with a second triple hook at the back of the live.

## ROTATING FIRE BALL

Code	Weight	N°H	Quantity	Gencod	RRP (€)
RG6000055	50 g	5/0	2 per blister		<b>6,50</b>
RG6000056	75 g	5/0	2 per blister		<b>7,50</b>
RG6000057	100 g	5/0	2 per blister		<b>7,95</b>

Trade Pack: x3 (2 per blister)

Built around a VMC Barbarian hooks size 10/0, this jig head also has second eyelet embedded underneath for the addition of a stinger. It's an indispensable product for fast fishing and crowded spots.

2024**

# ACCESSORIES

The CAT SPIRIT floating net with its rubber mesh meets the requirements of retaining livebaits with minimal damage, providing a more effective bait when it comes to the time of mounting them on the rig.

- The top floating ring is intentionally disproportionate to keep the upper part of the net in place, even with a large number of bigger livebaits
- Two upper straps to secure stability and to also lift the net from the water
- Its wide opening is equipped with a cord with a quick-release system
- The fish friendly rubber net keeps your livebaits free from injury, plus does not absorb water, dries quickly and reduces any smell in your car
- The central metal ring at half height limits the compression if placed in the current
- In the lower part a ring can also have a weight attached to avoid excess movement

### FLOATING KEEP NET

Code	Size	Gencod	RRP (€)
RG6000067	55 x 90 cm		59,90

Trade Pack: x1

Purposely designed Catfish mat to protect your fish before weighing and when taking a picture. Made from rot-proof and washable fabric, that's resistant to damage from the ground. Pegging points in each corner to keep fixed in position. Always remember to add water on your mat before placing a Catfish on it. Dimensions: 300 x 200 cm.

## TERMS OF SALES

**THE PRICES, WEIGHTS, DIMENSIONS OF OUR PRODUCTS, AND THE RESISTANCE OF OUR LINES ARE INDICATIVE AND NOT CONTRACTUAL. THEY CAN NOT IN ANY CASE ENGAGE ANY RAPALA VMC COMPANY.**

### PRICE

The prices in this catalogue are correct at the time of their printing and can be changed or removed at our discretion. Our prices are exclusive of tax. They are quoted per unit or per pack in euros.

### ACCOUNT OPENING

As part of the opening of a new customer account, it will be necessary to send us proof of Company registration, a bank account number and an order with a minimum value of 5.000 € + VAT or 1,000,000 HUF with payment in advance.

### DELIVERIES

Times are given as an indication, deliveries outside of these times do not entitle the buyer to cancel the order, to refuse the goods or claim damages.

### FREE CARRIAGE

FREE CARRIAGE on all orders over 100 € or 40,000 HUF, any order lower than 100 € or 40,000 HUF + VAT will incur a carriage charge of 10 € + VAT.

### PAYMENTS

A discount of 1.5% is granted for payment within eight days from the invoice date.

### LATE PENALTIES

In case of non-payment to the agreed terms, our invoices will automatically begin to accumulate interest, at a rate of 1.50% per month until settlement. In addition, a fixed cost of 40 € for administration costs will be incurred.

### CAPITALIZATION OF LATE PENALTIES

Overdue penalties still unpaid after a period of one year will accumulate interest at the national rate.

### PENALTY CLAUSE

In the case of unpaid debts, the supplier is entitled to claim from the debtor, as a penalty clause, a lump sum compensation corresponding to 10% of the total amount of the unpaid, without formal notice in advance.

### COLLECTION COSTS

Bank charges related to declined cheques will be invoiced to the debtor as well as any postage costs related to the sending of any formal notices.

### CANCELLATION CLAUSE

In case of unpaid, the sale will be resolved automatically from the notice sent to the debtor.

### TERMINATION CLAUSE OF THE TERM

Failure to pay a single payment will result in the immediate payment of all our receivables and the suspension of deliveries.

### TITLE RETENTION CLAUSE

The supplied goods will remain our property until the full payment is received, this will allow us to recover them in case of unpaid.

### RISK TRANSFER CLAUSE

Despite the existence of a retention of title clause on our goods, the buyer will bear all the risks as from the receipt of these. As a result, he must have an insurance contract in place prior to the receipt of the goods.

### APPLICATIONS OF THE LEGAL GUARANTEE

The guarantee applied will be the legal guarantee at the time of the transaction, in all cases, we will not accept any repair or exchange of products under warranty unless the receipt or the duly completed and dated guarantee form is attached.

### CLAIMS AND RETURNS CLAIM

Regarding disputes arising during transport, the onus is on the addressee to raise any discrepancies and necessary reservations specifying the nature of the issues, loss, missing, damage or delay. Claims concerning the quality of the goods must be made within 48 hours with the company.

### RETURN OF GOODS

All returns of goods must be subject to prior authorization from your local Rapala VMC Distributor or any other Rapala VMC affiliates. Products must be returned in their original packaging, untagged and undamaged. Rapala VMC companies reserves the right to apply a discount on returned products (a minimum of 30%).

### ATTRIBUTIVE CLAUSE OF COMPETENCE

In the event of litigation, both with our suppliers and with our clients, the attribution of competence is made to the courts from our head office.

### BRANDS AND LOGOS

The use of our trademarks, logos and images of our products is subject to authorization.
