SLEEPING BAGS & ACCESSORIES

CARP SPIRIT | SLEEPING BAGS

SLEEPING BAGS

Being comfortable on the bank is a must – the more comfortable you are, the better you'll fish... and this will ultimately contribute to your success rate. Here at Carp Spirit we take bankside comfort very seriously, so when we developed a complete new range of Magnum and BLAX sleeping bags and covers, there was a huge focus on research, development and testing to ensure that the finished range of products are the very best available on the market, yet still offer excellent value for money. Rather than just develop a new range of sleeping bags in isolation, we actually designed them as a parallel development alongside the all new Magnum and BLAX beds. The end result is a superb synergy between both our sleeping bags and beds that uses a simple two sizing system;

So whether you're fishing summer nights under a brolly, or a winter session in sub-zero temperatures, you can be sure that there's a Carp Spirit sleeping bag with the performance to meet your requirements, keeping you comfortable and warm during your session.

MAGNUM 5 SEASON

- Sets a new standard in bankside comfort, even when fishing in the most extreme conditions.
- Featuring a 5 Season silicone treated Hollow Fibre filling and a detachable central layer, it is incredibly versatile allowing extra warmth to be added or removed as the temperature changes throughout the year.
- **Filling:** 5 Season Hollow Fibre filling with silicone treatment for increased volume & longevity.
- **Outer:** Waterproof Rip-Stop Polyester outer fabric.
- **Inner:** Unique 50/50 lining – Micro fleece upper / Smooth Rip-Stop polyester lower.

Perfect with our range of beds: Pages 772-773.

THE DETAIL

- 1 Fully detachable centre layer.
- 2 Oval cut out – Allows you to be fully zipped in for maximum warmth.
- 3 Closely spaced full length panel stitching.
- 4 Drawcord base.
- 5 Side zips stop short at the base creating a thermal pocket around your feet.
- 6 Oversized external/internal zip baffles.
- 7 Hooded pillow retention draw cord.

Large neck polar fleece baffles to keep you warm.

10mm heavy-duty crash zips.

Velcro leg cut outs to help secure to bed.

Supplied in stuff sack.

Zipped mesh pockets on both sides.

Oversized head to secure to bed.

Central securing strap.

MAGNUM CAMO 4 SEASON XL NEW 2026

- A true all-season bag that provides outstanding performance thanks to its 4 season silicone treated Hollow Fibre filling.
- The unique 50/50 lining uses Micro fleece around the head and body area, which is instantly warm to the touch, whilst the lower part of the bag is made using smooth rip stop material to reduce the chances of the bag pulling and catching on your legs.
- **Filling:** 4 season Hollow Fibre filling with silicone treatment for increased volume & longevity.
- **Outer:** Waterproof Rip-Stop Polyester outer fabric.
- **Inner:** Unique 50/50 lining – Micro fleece upper / Smooth Rip-Stop polyester lower.

Supplied in stuff sack.

Perfect with our range of beds: Pages 772-773.

THE DETAIL

- ① Oval cut out – Allows you to be fully zipped in for maximum warmth.
- ② Closely spaced full length panel stitching.
- ③ Velcro base – XL / Draw cord base – Standard.
- ④ Side zips stop short at the base to creating a thermal pocket around your feet.
- ⑤ Oversized external/internal zip baffles.
- ⑥ Hooded pillow retention draw cord.

Large neck polar fleece baffles to keep you warm.

10mm heavy-duty crash zips.

NEW 2026

OUT HOUSE QUICK XL

CARPSPIRIT
BIVVIES &
SHELTERS

Our Out House Quick XL is the ideal tent for use as a kitchen area or for short- and long-term session. It can be set up (and taken down) in under a minute thanks to the Push-Loc system on each panel and the roof. Spacious and comfortable, it features a unique design with our exclusive camouflage pattern. Simple, fast, clever, and incredibly effective—even in strong winds!

Pentagon shape for optimized space:

- The front panel includes an opaque flap and a waterproof, translucent plastic window to enhance brightness and visibility.
- The whole front can also be converted into an awning using 2 poles (not included).
- Each side panel is fitted at the top with a plastic window with a blackout cover for maximum light.
- The two rear panels feature zippered mosquito nets at the bottom for extra ventilation.

- One of the rear panels includes a zippered triangular door for quick rear access to the bivouac and improved airflow during hot weather.
- A protective skirt around the base reduces water runoff in the rain and limits air entry in strong winds.

Specifications:

- Packed dimensions: 180 x 35 x 35 cm
- Weight: 19 kg
- Extremely fast setup and takedown system
- Very spacious interior with nearly 10 m² of surface area
- Height at peak: 215 cm
- Front panel (door) dimensions: Height 180 cm – Width 130 cm
- Supplied with groundsheet and screw pegs.

STAINLESS STEEL BUTT CAP

Manufactured from 300 series grade stainless steel with a laser etched Logo. The hard nature of stainless steel is more durable and resistant to damage.

ANTI-FRAP TIP GUIDES

Anti-Frap tip guides feature smooth and blended side bracings between the tube and centre frame. This special shape greatly reduces the chances of line getting wrapped around the tip of the blank before, during or after the cast.

SEA-GUIDE GUIDES

TUXTLSG – Highest quality, lightweight, double leg guides with a Titanium finished frame. Featuring Silicon Carbide centres and externally rolled frames to help prevent guide centre damage.

BTLTSG – High quality, lightweight, double leg guides with a black anodised finish. Featuring Silicon Carbide centres and externally rolled frames to help prevent guide centre damage.

BTLSG – High quality, lightweight, double leg guides with a black anodised finish. Featuring Silicon Carbide centres and externally rolled frames to help prevent guide centre damage.

CARBON CLONE REEL SEAT

Machined entirely from a carbon tube and featuring a 1K weave, this reel seat is ultra light weight and perfectly matches the rod weave and cosmetics. It will accept both big pit and standard size reels.

1-K WEAVE

The tightest weave we use on our rods. The multi-directional carbon fibres are interwoven at a rate of 1mm x 1mm, providing thousands of overlays across the blank length. The end result is added strength to the blank itself and increased tip speed recovery to aid both casting distance and accuracy.

3-K WEAVE

Multi-directional carbon fibres are interwoven at a rate of 3mm x 3mm, providing thousands of overlays across the blank length.

The end result is added strength to the blank itself, and increased tip speed recovery to aid both distance casting and accuracy.

MAGNUM X2 - 13' 3.50lb

MAGNUM X2

- An extensive series of rods with fantastic performance and value.
- The blank made by using a special 30-Ton hi-modulus carbon offering a slim blank, fast action and lightweight.
- Cosmetics are both minimalistic and subtle with matte finished blanks, gunsmoke reel seats and guide frames, and with a small section of 3K weave above the reel seat.
- High quality SEA GUIDE TDG guides are used throughout, which are lighter, provide increased transmission and are not damaged from braid use when compared with ceramic guides.

BLAX™

BLAX™ EVO

- A series of rods that have been designed and developed to be 'best in class'.
- At first glance you would be forgiven for thinking that the BLAX rods are twice their actual price and rightly so.
- Slim, lightweight, dark matte blanks have been constructed using the finest 24-Ton carbon pre-preg.
- Built using high quality Slim Guides and lightweight anodised Aluminium fittings.
- Amongst the standard test curves, you will find some fantastic utility rods such as the 10ft rod, ideal for stalking or for use in tight swims.

BLAX BOAT & WEED NET

This spoon-shaped carp landing net was not only developed for special use in weedy waters, but also for safely landing fish in reeds or water lilies. Conventional carp landing nets reach their limits in such conditions due to their design. The shape of the rigid frame allows you to push the weeds or plants aside, pierce the weeds or reeds to land the fish quickly and safely.

- The landing net for weed, reeds and water lilies.
- Spoon-shaped design.
- Rigid aluminum frame.
- Super soft, fish friendly, tight mesh green net.
- Excellent value for money.
- Dimensions: 82cm x 66cm x 100cm (net depth).

BLACK BOAT

When the Black Boat series was first introduced, Carp Spirit became one of the very first brands to produce inflatable boats specifically developed for carp fishing. Now established as a market leader and a benchmark throughout Europe, the latest range of Black Boats have now been improved even further to meet the demands and expectations of the modern-day carp angler.

Packed with new and additional features such as improved inflatable floors, new handles, and increased width to provide even more space and greater stability; all this alongside superb durability to provide years of service. Black Boats... **'The Benchmark'** in carp fishing boats.

- 3+1 Inflatable chamber system.
- Heavy duty 0.9mm canvas with re-enforced side and base for extra protection.
- Inflatable floor (240WI, 270WI & 300WI) with front anti-return valve location. Aluminium floor (320W).
- Built-in floor strengthening ribs for super rigidity.
- Battery protection with strap located at the back.
- Inflatable and reinforced keel cuts through the waves and keeps the nose on course.
- One-way multi point inflation valves.
- Safety overpressure valve.

*270WI / 300WI / 320WI

THE DETAIL

- ① Cleat at the front to stabilise the boat, even with one hand.
- ② Stainless steel ring at the front.
- ③ Inflatable floor (240WI, 270WI & 300WI).
- ④ Black Aluminium floor for stability (320W model only).
- ⑤ Removable and adjustable seats.
- ⑥ Battery protection with strap.
- ⑦ Extra strong grab handle on the rear.*
- ⑧ Extra strong transom with motor support plate.
- ⑨ Removable black oars with secure fixing screws.
- ⑩ Side multi-use handles.
- ⑪ Internal stainless ring with fixing cord included.
- ⑫ Side rope.
- ⑬ Floor inflation valve with anti-return.
- ⑭ Inflatable and reinforced keel.

Heavy duty 0.9mm canvas with re-enforced side and base for extra protection.

Storage bag, large volume foot pump and repair kit included.

BLACK BOAT 320_W

An extreme boat for the most extreme conditions, the 320W is built for the most demanding of situations. With its additional pair of moulded front handles, an Aluminium floor, 2 seats and with an engine rating power of up to 15HP, this boat is the perfect tool for any big lake, huge rivers, or even giant catfish fishing. Perfect to move all your equipment from one side of the lake to the other at a moment's notice, whatever the weather; it is even big enough to sleep in.

HOOKS & READY RIGS

CARP SPIRIT | HOOKS & READY RIGS

RAZOR point

Since their Launch, Razor point hooks have become a firm favourite with Carp Anglers from around the World. With thousands of Carp hooked and safely landed on them, it's easy to see why so many anglers trust and finish their rigs off with our Razor point hooks. Designed from scratch, and tested to the extreme in both in the laboratory and in real world fishing situations by our Global team, you can be confident that whichever Razor Point hook you choose it won't let you down. Attention to detail is everything; each Razor point hook is made to ultra-fine tolerances, carefully tempered using a computer controlled process and chemically sharpened using Durapoint technology. The comprehensive range ensures that whatever angling situation you're faced with, there's a perfect hook pattern for it. We believe our range of Razor point carp hooks are the most technically advanced on the market today – Something we are extremely proud of.

Now with 80% less plastic packaging.

- **Dura-Point Technology** – The sharpest, longest, most durable hooks points in the carp hook World – Even after multiple uses.
- **High Carbon Steel** – Raw material choice is critical, and we only use the best quality high carbon steel available to produce our Razor point carp hooks, providing the very best strength, durability and reliability.
- **PTFE Finish** – The smooth PTFE finish not only reduces glare to avoid spooking wary carp, but also reduces friction, therefore aiding penetration speed by up to 50%.
- **Closed Eye** – Each hook eye is precisely formed to ensure it's truly 'closed' to ensure that zero damage occurs to your hook link, particularly when using the 'knotless knot' and perfect for low diameter hook links or braid.
- **Micro Barb** – Ultra small Micro barbs are designed to offer an extraordinary hook hold during the fight yet minimise mouth damage during unhooking.

"Sharpest hooks, straight from the packet."

CARP SPIRIT®

HOOKS &
READY RIGS

- The most recent addition to the Razor Point range of hooks is the Round-Curve. Perfect for all kinds of rigs from Waffer rigs to the more modern favourite Ronnie Rig. When you are playing a fish, this shape hook hold just gets better under pressure. Several very large Carp have already fallen for the Round-Curve whilst being field-tested.

-

RAZOR V-CURVE

-
- The diagram illustrates the relationship between hook size and the number of fish caught. It is organized into two rows: 'MICRO BARB' (top) and 'BARBLESS' (bottom). Each row contains four hook sizes: 10, 8, 6, and 4. The number of fish caught is indicated by the number of fish icons above each hook size. For the 'MICRO BARB' row, the number of fish caught increases from 10 for size 10 to 4 for size 4. For the 'BARBLESS' row, the number of fish caught increases from 10 for size 10 to 4 for size 4.

RAPALA VMC | 851

RAZOR V-CURVE XS

- Features a thicker wire gauge than the standard versions, making it 30% stronger, ideal for massive carp or heavy-duty snag fishing.

CODE	HOOK SIZE	HOOK TYPE	QUANTITY	GENCOD	TRADE PACK	PLN

ACS350090	6	Micro Barbed	10		5	26.80

RAZOR LONG SHANK

- Versatile, strong, and reliable, the LS pattern has been designed to cope with a wide variety of carp fishing situations.
- The in-turned eye, straight point and forged shank makes the LS pattern perfectly suited for both hair-rigged bottom baits and pop-up boilies. It is the perfect choice for sliding ring anti-eject rigs.

CODE	HOOK SIZE	HOOK TYPE	QUANTITY	GENCOD	TRADE PACK	PLN
LONG SHANK						
ACS350030	4	Barbed	10		5	26.80
ACS350032	6	Barbed	10		5	26.80

RAZOR BOILIE BEAK POINT

- With its in-turned beaked point, the BBP is an excellent hook choice when fishing over gravel or rocky bottoms as there is less chance of the hook point becoming damaged.
- The short shank and straight eye has a slight in-turn, making it ideal for a huge array of presentations including snowman rigs, bottom baits or pop-up boilies.

CODE	HOOK SIZE	HOOK TYPE	QUANTITY	GENCOD	TRADE PACK	PLN

ACS350046	10	Barbed	10		5	26.80

RAZOR MEDIUM CURVE SHANK

- The MCS has been created by combining the benefits of a long shank with the aggressive hooking of a curved style pattern. The slightly downturned eye ensures the hook turns instantly, ready for maximum penetration.
- Suitable for a wide degree of presentations, including the popular '360' and 'Ronnie' style rigs.

RAZOR CONTINENTAL XS

- The thicker wire gauge of the CXS provides a much stronger hook than normal for the most demanding of situations and has accounted for some of the biggest Carp landed in the World, it is also a great choice for heavy duty snag fishing.
- The short shank and wide gape, makes it ideal for most hair-rig presentations.

SHOCK LEADER

VELOCITY TAPERED LEADER

NEW 2026

- Made from a special polyamide copolymer, Velocity Tapered Leaders are the perfect solution to achieve a small shock leader knot that will easily pass through the rod guides, yet still retain the benefits of a thicker Hi-Abrasion resistant shock leader.
- Each leader is 15m long. The front 5m is parallel, followed by a 6m tapered middle section and then a 4m parallel section at the end. If required the tapered section can be simply trimmed back to increase the diameter before being knotted to the mainline.

BAITING UP

MAGNUM THROWING STICK

- Made from 3K carbon fibre, not only is it extremely accurate, but with its ultra-light construction helps avoid arm and shoulder strain, particularly when baiting heavily. Easy grip handle to avoid the throwing stick twisting whilst in use and finished with a wrist retaining strap. Supplied in a Neoprene case.

Available in 3 sizes:

- The XLarge, Long Distance version is designed for long distances or larger baits and is 35% longer than the existing model. This extra length helps to propel the boilies up to 20m further than a standard length throwing stick.
- XLarge - For boilies up to 26mm.
- Large - For boilies up to 22mm.

DISTANCE STICKS

- Designed to easily measure your fishing distance, aiding consistent accurate casting.
- Comprises of two black anodized aluminium 60cm banksticks, with very strong tops so they can be hammered into the ground or you can utilise the auger points so they can be screwed-in instead. An additional practical feature is the reflective tape around the top, making them very easy to be used at night.
- Supplied with a spacing cord and carrying bag.
