AT STORM, WE'RE SERIOUS ABOUT FISHING

Non-fishermen might even see us as obsessive. We believe in getting into the head of a fish to really understand what's going on... like what makes a fish bite. We build our lures based on those findings because we know that you're serious about fishing too. So get out there and do what you need to do to find them & catch them.

CASTING

BISCAY SANDEEL

Built to imitate a prominent saltwater prey, Biscay Sandeel features a long, slender body and a perfectly matched head with a fixed hook. An additional chin eyelet gives the option of adding an assist hook or blade. This weighted head & body combination allows you to cast further in windy coastal conditions, and fish faster in rough water or when an aggressive presentation is needed. The subtle paddle tail kicks with a life-like action and incredible vibration, even at slow speeds. Both body sizes are available in two options; lighter head for cast and retrieve techniques and a heavier head option designed for vertical jigging even in strong currents. Every Biscay Sandeel is extremely visually detailed with each body perfectly color matched to its own jig head. Rigged with a heavy duty VMC® hook. Head includes eyelet to add optional stinger hook.

BISCAY MINNOW 9 & 12

Not for the faint of heart, the Biscay Minnow casts long and fishes fast. With its aerodynamic design, this bait was born to face the rough winds and waters of the coast. The Biscay Minnow's subtle paddle tail kicks with a lively action and incredible vibration – even in slow presentations. And when in need of an extra edge, a hook or blade can be attached to the eyelet on the jig head.

BISCAY SHAD 9 & 12

Life-like from the moment it hits the water, the Biscay Shad is a showcase of imitation. With its articulated body and head, the bait swims with a realistic action – all the while keeping the VMC hook neatly hidden in the bait's weedless system. When attacked, the Biscay Shad's body collapses, exposing the large hook gap for a clean hook up. The bait's weighted head-and-body combination allows for long casts and aggressive presentations, making the Biscay Shad the perfect for windy coasts and rough waters.
